

WHY START A IT & MANAGEMENT TRAINING INSTITUTE ?

Last Century witnessed phenomenal growth in Electronic Technology, Specially Computer Technology. Globally, Information Technology has been growing in a Geometric Progression. From a stand alone PC to a Network of Networks – the growth has been stupendous. A boundless, timeless and space less medium has emerged to environ the Future Business – The “Cyber Medium”.

Computerization and Automation have become the Goal of many human activities including Scientific Installations, Educational Institutions, Corporate Houses, Banks, Insurance Companies and Govt. offices. In view of the above, there is big demand for Computer and Management Professionals.

To keep pace with these developments and requirement of manpower for the Nation in General and Odisha in particular, NICE is offering a number of IT & Management Courses at its centres throughout the State of Odisha.
